2020 has truly been a year that all of us will remember. The good and bad that it has brought has changed the world forever. Personally, I can't imagine life in the future yet, and that's scary. Similar thoughts come to my head when imagining how previous years I sat here writing the motivational book opening that you have read for 4 years and how this will officially be my last. So let's make it good. I have written about change in the past but not to the degree that we have experienced recently and are still experiencing. Change can bring both fear or excitement. Whichever you decide to use as your emotion will guide how you will move forward from reading this today. Let's look at where we left off last year, and hit continue.

SUMMER

Summer Time

Although this years summer was a bit extended and full of masks and social distancing, many students still made the best of their time and did as much as they could given the circumstances!

VACATION STATION

B R E E Z E

In the CNA class, we learn about all of the different responsibilities and procedures we will need to know in order to become a Certified Nursing Assistant. We take these lessons very seriously because we will be in charge of taking care of and maintaining peoples activities of daily living. These courses give us the privilege to help take care of residents and patients, while getting us ready to enter the medical field.

ALL ABOUT US

WIth Lowell's Criminal Justice classes new teacher, Mr. Randall Bogathy, the class has done plenty of engaging assignments and gone over various topics of the police force. Mr. Bogathy was a perfect fit for Lowell Senior High with his years of experience as an officer. Within the next year or so, he wants to start a class for teaching dispatching and operating calls going out to officers. They gain a ton of hands-on experience as well such as how to apply handcuffs, or running through scenarios of how to deal with people who may be non-compliant. Many of the students have learned a lot and enjoyed themselves.

TEACHER TALKS

What are your future plans for the class?
"I'm still putting the class together, next year is going to be totally different; I plan on having guest speakers, more hands on exercises, and improving on other features in the class."

What does the class focus on?
"We teach students about types of careers they can take in this field, there rights granted by the constitution, how to act when dealing with police, and anything else related to these fields."

What did exercise were you practicing when we were taking pictures the other day?
"We were teaching how to properly use force."

JUSTICE

Izabella Santos

Hi! My name is Izabella Santos and I am a senior here at LHS, I have been in several clubs throughout high school such as National Honor Society, the Peer Mentor program, Student council, and Diversity Club/council; because of that, one of my main goals for the yearbook this year is to make sure that everybody within the school, in every club, sport, or activity, is given equal time to shine and has the opportunity to be highlighted and recognized in this years book.

Jillian Richards
The Editor

As a senior this year and a 4 year yearbook editor/adviser, I look at yearbook class as my safe haven for my ideas. Many of the things you have seen in yearbooks over the years have been ideas that have stemmed from my wonderful classmates and I. This year is a little different. Being the only person with 4 years of yearbook under my belt, I look forward to getting to share my love of the process with my new classmates. I hope that this years class forms bonds that surpass previous years bonds and bring new perspectives that make this years book the best out of the 4 books that I have been a part of creating.

Cailin Seiter

Hello! My name is Cailin Seiter, spelled like Seater but pronounced Cider and I took Yearbook because I enjoy messing around with a camera and taking pictures. I thought this class would be fun and interesting to take, especially this year!

Alexis Horton

I chose to join yearbook for my senior year because I wanted to get a chance to interact with people I usually wouldn't and for a fun experience to get through these uncertain times and to put together the best book for our school to remember for the rest of our lives.

Emily Miller

I chose to join yearbook because it will give me a chance to help create something that will last a lifetime. As it is my senior year I am excited to put together memories and reflect on what my peers and I have accomplished and experienced together. I am hoping this opportunity will allow me to make new friends and new memories with not just my friend group, but with everyone within Lowell High School!

Jacob Grabinski

Hiya, I'm Maya. I joined yearbook with intentions of leaving my mark during my last year at Lowell High School. I really didn't do much during my years here, other than schoolwork. I never participated in any clubs, extracurriculars were at a minimum, and even then never branched out past freshman year, so I never made a name for myself. A LOT has changed about me, and I wanted to be the one to document that. That's what the yearbook is all about in my eyes - documenting change, recording memories, and looking back on your past - and with the way this year is going, we're definitely not going to forget it.

The People Behind The Pages

Some people might think that large numbers are what build the most meaningful projects but this year's group beginning at 6 people and ending at 4 people proved otherwise. This very limited group put forth the most valiant effort to build this book up from scratch with having little to no prior training. Some might think building a yearbook is easy. Putting in pictures, writing every word for each page, and getting in depth responses in interviews from staff and students really might seem like a simple task but it isn't. You need to bring personality to the book that makes each page unique and unlike anything people have seen before! This comes from the creative minds behind the book, aka the six faces you see on this page. We hope that you love the book we had the pleasure of creating for you and you take the time to read the pages in it!

YEARBOOK

GRAPHIC DESIGN

Graphic Design is the class that is responsible for designing all the T-shirts, posters, and banners that you see around the school. The class uses their amazing skills in adobe software to make amazing designs and pieces of art. Graphic Design Student Charlie Wichmann says, "I've learned how to do a lot of really amazing things in this class, and I've grown a passion for graphic design, I even try stuff in my own free time." All in all, it is a great program that helps us demonstrate our school spirit and provides students with a creative outlet.

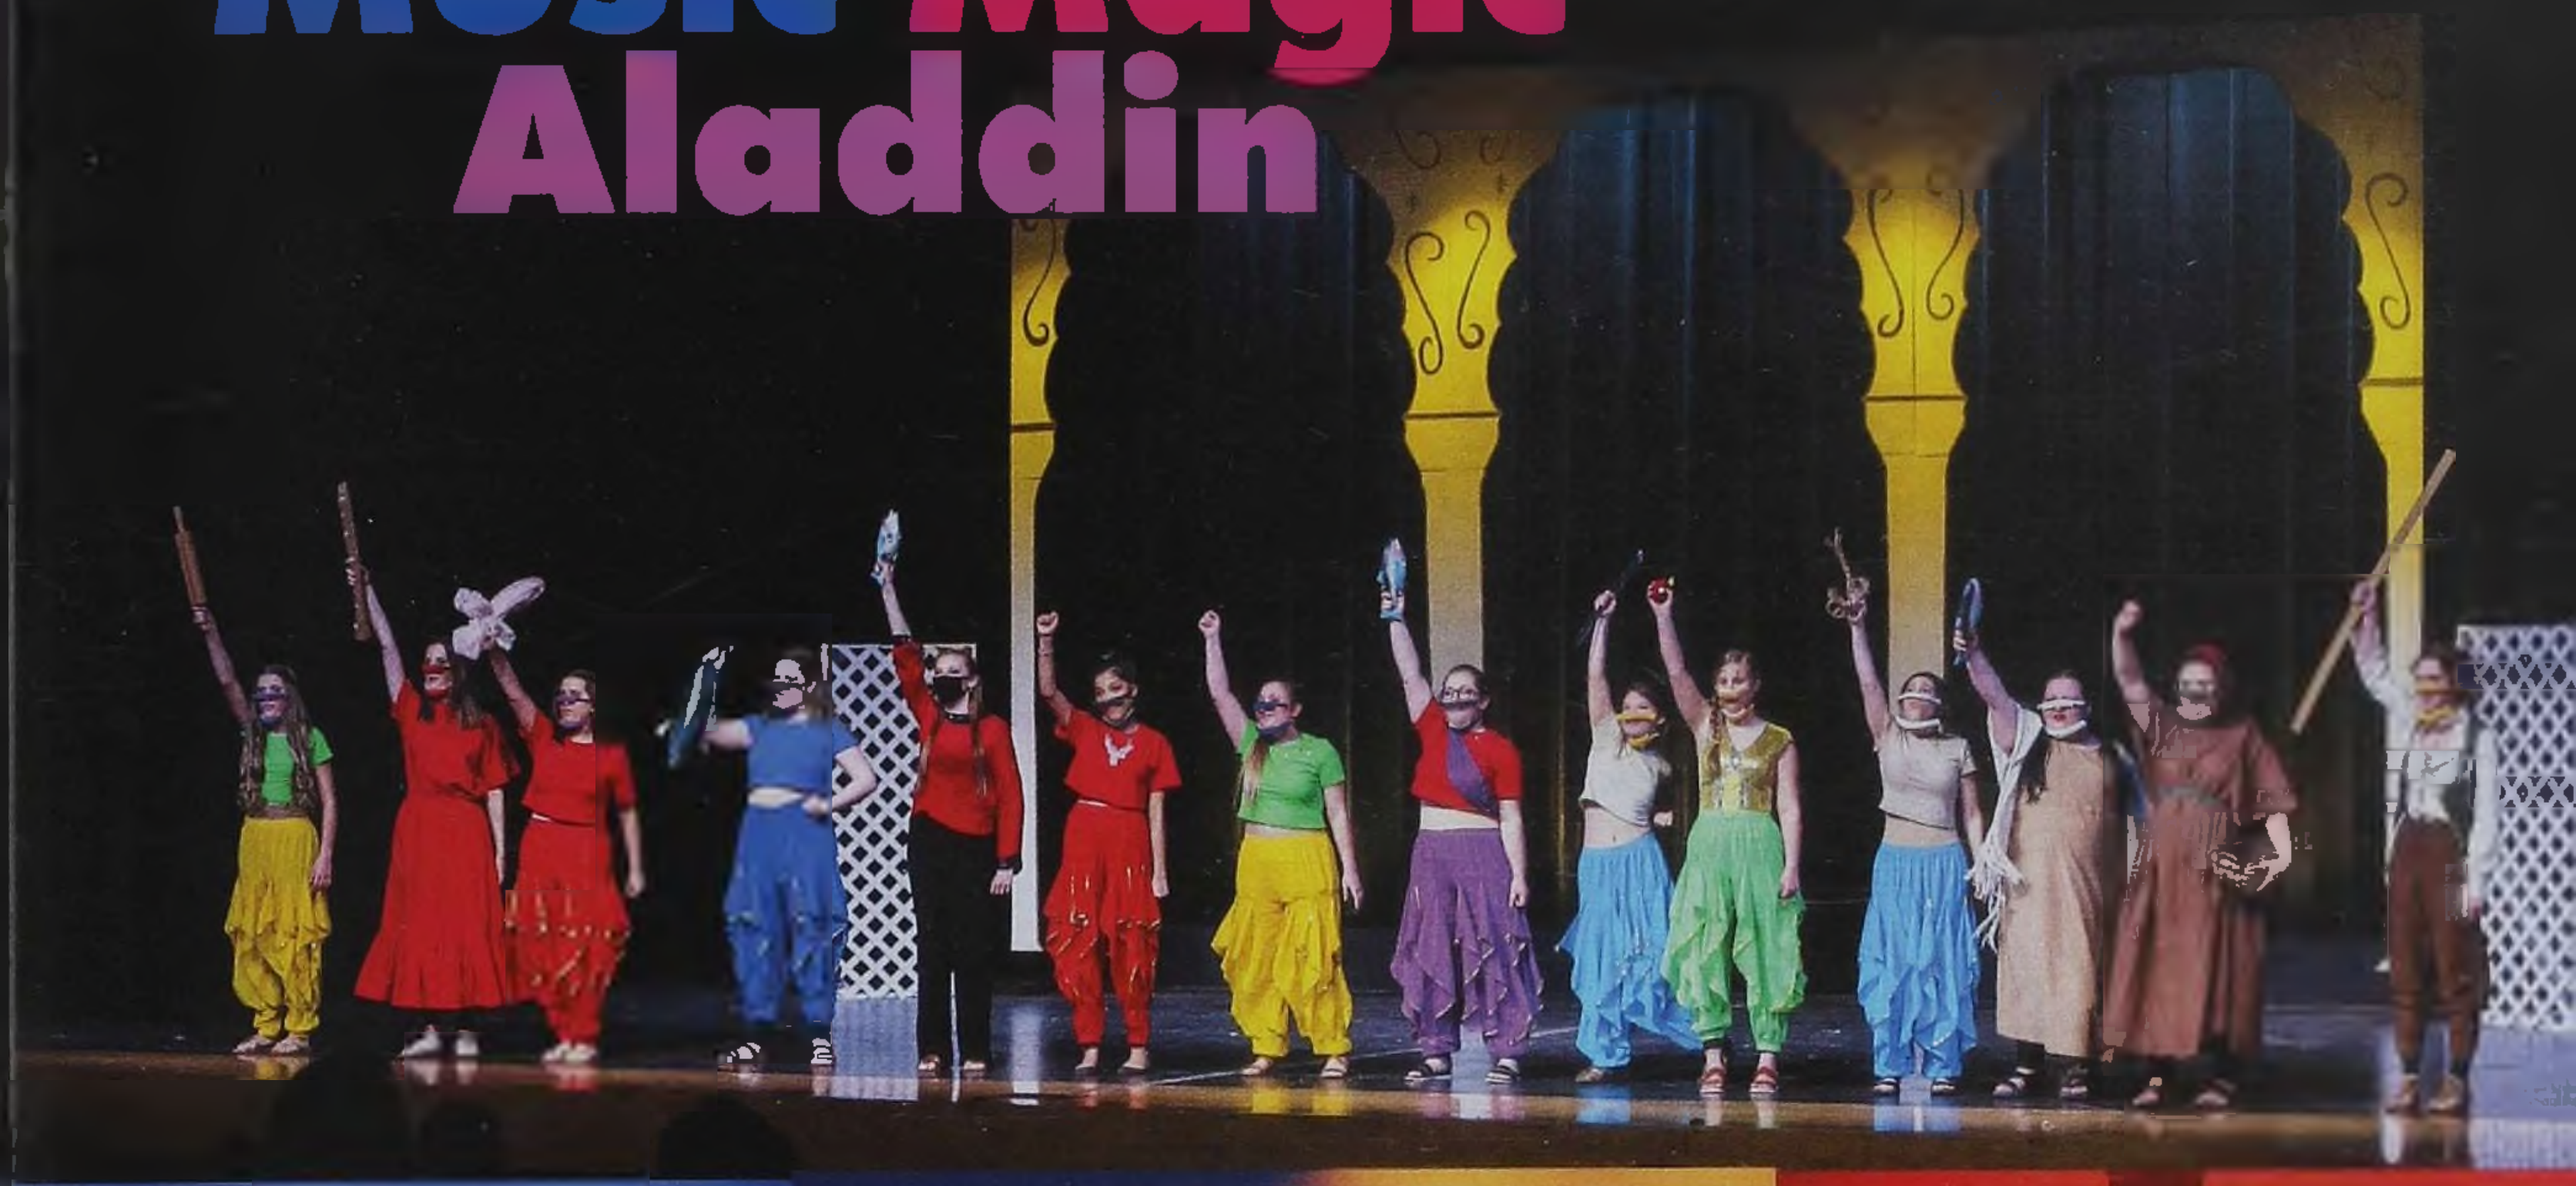
Let's Play

This year started with a bunch of questions and a lack of confidence that we would make it very far without shutting down again. For theater students, the fall play brought hope and an escape from the very difficult year ahead. Clue, a play based on the classic Hasbro board game and movie, told the classic murder mystery story. When the rehearsals began in September, the cast and crew began working very hard on the show. Each of the crews had big tasks ahead of them for the very complicated stage full of miniature sets with trap doors and extremely intricate details. The cast, on the other hand, had to figure out the right balance of stepping into each of their very complex characters and maintaining a comfortable atmosphere on stage with all of the restrictions that faced them. After being faced with the challenges of quarantined students and finding the right way to wear a mask on stage, the students, director Mrs. Martin, and tech director Chloe Wilson together brought a "killer" show that will live in each student's history as the show where everyone had to wear masks on stage.

Music Magic Aladdin



After the events of Clue, the students were hopeful that the next show would be exciting, popular, and magical. Well, the students found that magic in the lamp of Aladdin. Having already gone through one production with social distancing and masks, Aladdin would hopefully be easier to put on having already gone through those motions once. Aladdin, through its massive set pieces and popular characters, was a big show to put on and put on through the times of COVID. The students in cast and crew worked extremely hard to make this show as magical as it could be. Crew contributed to the stage with their hours of building, painting, and then moving set pieces to be in the show. Cast worked really hard to bring each of their characters to life on stage through their singing, dancing, and acting. After having performed the first night with a sold out crowd of one hundred and fifty-five audience members and wearing masks on stage. Someone rubbed the lamp overnight and the next day the students were able to express themselves on stage without masks and with another sold out crowd of one hundred and eighty-five audience members. After four sold out shows, seven hundred and ten tickets later, the students, Mrs. Martin, Chloe Wilson, choreographers Jeannine and Kathryn, and music directors Mrs. Rickaby and Mrs. Mishlove were all able to walk away proud of the show they had just put on. Aladdin truly brought everyone together on a magic carpet ride into a whole new world.

Keep Your Guard Up

Despite not being able to compete in the ways they had hoped, The Lowell Marching Red Devils refused to waste even a second of their season wondering "what if". Though changes needed to be made, everyone involved in the band program stepped up to the challenge of overcoming pandemic stipulations to advance their musical prowess.

Social distancing was hard to manage but achievable for the marching red devils! After spreading out on the auditorium stage, these young musicians were able to continue practicing without skipping a beat!

March

This Way

Like many classes at LHS, there were several times when teaching had to be done virtually. While this certainly provided some extra obstacles to overcome, Band Director and teacher Jonathan Flodder developed a plan to get instruments in students hands even while they were at home!

Cheerleading

The Lowell High School Cheerleading team had a comeback season this year. The Red Devil ladies had many setbacks this season, one mainly being Covid, but they managed to pull through and persevere. In past summers, the cheer team has been able to go to the UCA summer camp at Purdue, but due to Covid they had to miss out on that experience. That is just one example of a setback they had to experience due to the pandemic, but once again, they came back stronger than ever and dominated through this season). One example of hard work is Antonia Barazza which achieved the most valuable award for her persistence and hard work throughout the season. Even though they compete, they still are at every football and basketball game no matter what the weather is to support their home town football team. Our cheerleaders are definitely proud to be a Red Devil.

Athletic Training

Student Athletic Training was the backbone of this years winter sports season. Through the chilling winter months, the student athletic trainers put in hours of work, trying to master how to wrap and stretch athletes, and learning how to keep a healthy body. The head trainers Eleanor and Baldo lead the Student Athletic trainers through every situation that came their way. They always said that no day as an athletic trainer is the same, and that couldn't be more true.

Throughout a series, lectures, and sitting in on practices, this years student athletic trainers were able to attain more knowledge and wisdom pertaining to their future in the sports medicine field.

By: Jillian Scott, Jillian Williams

The LHS Football Team started off the 2020 campaign with a grind-it-out defensive victory over Crown Point. This marked the 4th straight year of Lowell keeping the leather helmet. Despite the efforts of covid to derail the season, the Red Devils showed determination and prowess as they continued to dominate the field.

In a game where 13 varsity starters were out, Lowell came back from down 21 to defeat the Cougars and keep the milk jug. The boys finished a solid season at 9-2 with a heartbreaking 10-7 loss to Hobart after a few key players were quarantined the day before the game. Overall, the football team showed that they have the skills and determination to hang with anyone. Red Devil Pride.

Boys and Girls Cross Country Recap

Both the boys and girls 2020 track seasons were sadly cut short because of Covid-19. However when the news spread that their would be a 2020 Cross Country the boys and girls were eager to get to practice. The boys and girls teams started off with solid races at Kankakee Valley and Dave Walker. The boys and girls fought hard through quarantines and moved into the post season as solid teams. The girls won NCC while the boys came runner up. The boys and girls were both represented at state with the boys by Jackson Bakker and the girls with Karina James. Karina would end up as the State Champ at that race ending the boys and girls seasons on a high note. With Karina and Jackson only juniors next year is gonna be a must watch season for Cross Country.

THAT'S A LOT OF RUNNING. Boys Cross Running at the Highland Invitational.

Covid really changed the way things were done from keeping 6 feet apart to having to run with masks on. But all this didn't stop our team. Karina James was recognized as the IHSAA State Cross Country Champion and won the Track and Field MVP at the Chesterton Relays! Karina was also named Gatorade Indiana Girls Cross Country Player of the Year! Way to go Karina!

Country finished runner-up at NCC Championships and finished 3rd at sectionals. Jackson Bakker competed in the LaVern Gibson Championship Cross-Country Course. Bakker battled the field of 200 runners and had his best race yet on this course!

A million things could be said about these girls. One of them being a great, hard working and amazing team. Thanks to the head coach, Jessica Hayden and the assistant coach Danny Nestorovski.

The girls golf team crushed this season despite all of the setbacks from covid. Not only did they have to adapt to what was going on in the world and all the new challenges, but they also had to adapt to playing sports during a pandemic. We are beyond proud of our Lowell Red Devils ladies golf team.

The five Radio and Television classes all work together to put out "The Friday Show" every single week, even while quarantined they pull through to give the school a show. With a great variety of content, the show has been the best part of every Friday for many students. Every student works hard to show their creativity and passions in their projects, passions for things like cooking, sports, comedy, music, and much more. The Radio and Television class is truly a group of creative and talented students.

This could be the "You Are Beautiful" banner by the little theater, monochromatic and self portrait paintings on the easel by the main office, or some of the students' ceramics pieces in the main office. Lowell High School

Lowell High School offers various art classes that are taught by Mrs. Lapage and Mrs. Rivera. Students who have had one or both art teachers have flourished as artists. They began as amatuer students of the arts to artists creating beautiful and creative pieces.

Though many sports require hard work, drive and tenacity, ask any wrestler at LHS and they will tell you wearing a Red Devil singlet means taking work outs to the next level. These students work very hard to accomplish individual goals to strive to become the best. Whether it is counting calories at lunch, pumping iron in the weight room or honing their technique on the mat, wrestlers strive for greatness every day of the week. Senior, Chandler Austgen says, "Can't coach heart, and you have to hit the Oklahoma...Moe Howard." On or off the mat, this group of young men know how important it is to be a family.

A STROKE OF GENIUS

Students are typically required to take Introduction 2D or 3D Art before advancing to Drawing I and II, Painting I and II, or AP Art and Design. The Black & White "Being Present" some paintings were an at home project students did in Painting 1. One painting represented an inner moment that most connected with the student while the second painting illustrated a moment as a whole. Moments in life are often missed and the painting class did a phenomenal job of representing the importance of life's little moments.

MOLDING OUR FUTURE

As a potter molds clay, Ms. Rivera molded her ceramics students into artists. Students who have taken ceramics have not only learned the different methods of pottery but also how to expand their imaginations. Some of the projects created this year in ceramics include teacups, teapot, animal expression planter, memory hanging wall tiles, luminaries, and coil pots. These projects were displayed in the main office for the student body and staff to see.

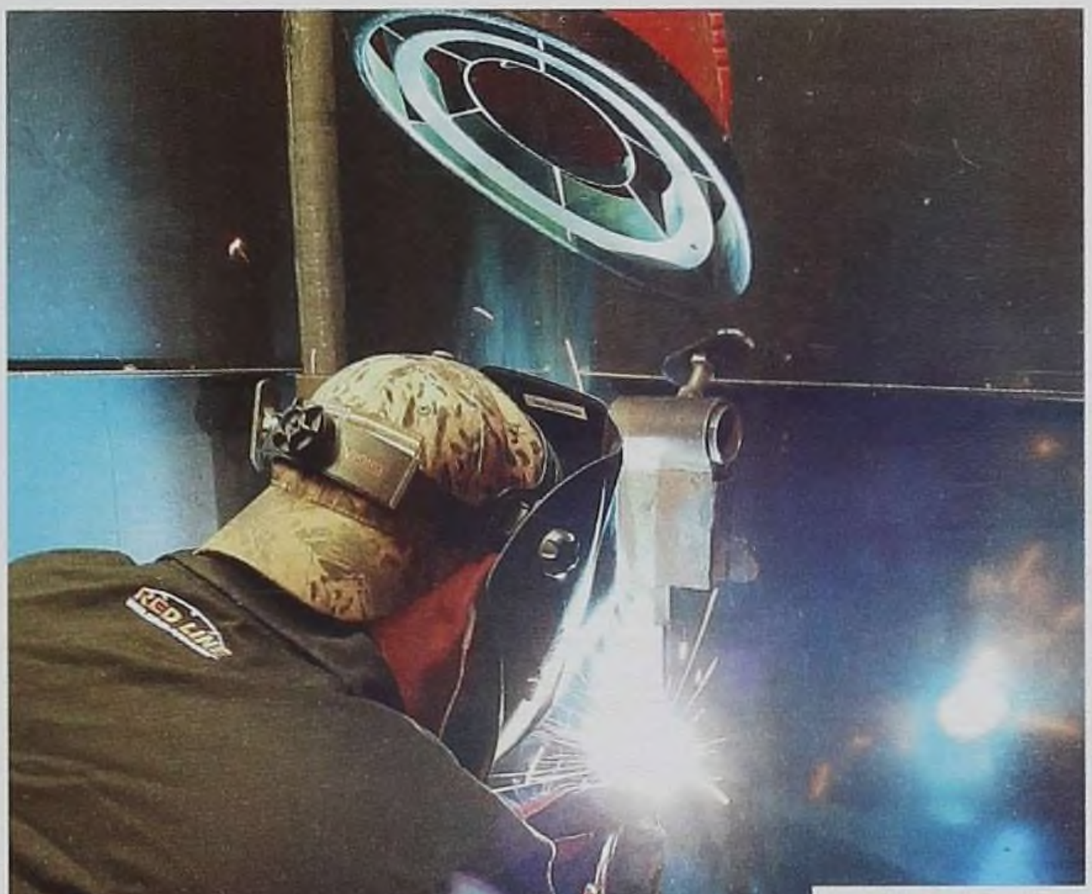
LHS Welding

Welding is like a wedding, a union of metal and metal. Welding isn't just putting two and two together, it's making two pieces of metal, one stronger piece. The forces that bind them are stronger than steel and will last forever. Yes welding can be scary, but with welding comes stronger bonds and forever strength. Through porosity and underfill, spatter and warping, undercut and cracking, welding must prevail through many hardships life may throw at it.

Welding is not just some hobby, There are a total of 438,900 jobs that involve welding in some sort of way. Our young welders are not only learning about a cool hobby to fix up a trailer at home or how to weld a metal flower, they are learning about a trait that can take them somewhere in life. Something that can take them around the world to see different places and still be able to work. This is a life lesson that they can take with them everywhere they go.

HOT SPOTS

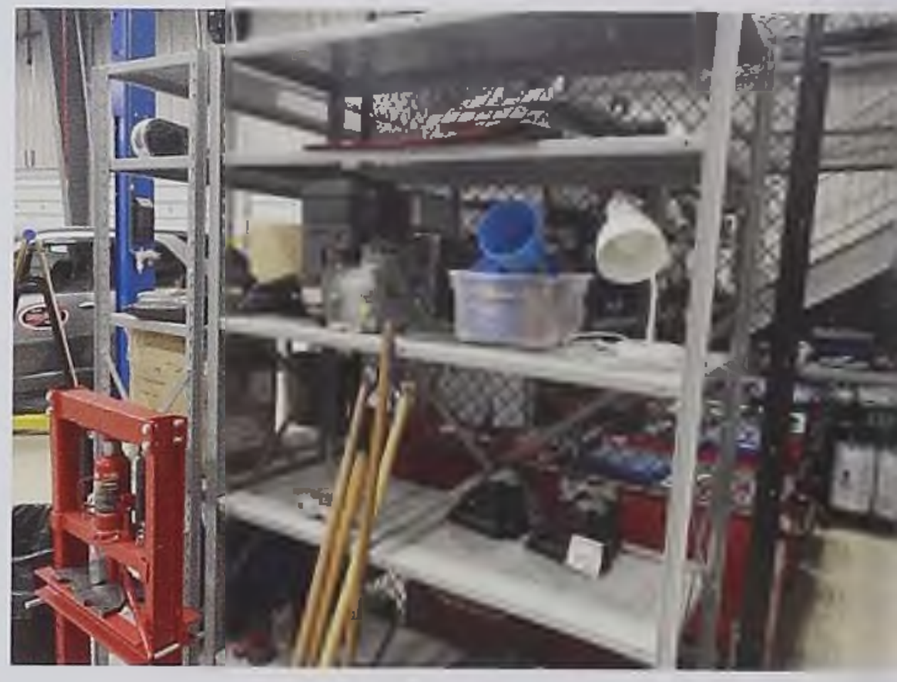


Autoshop's back at it again!

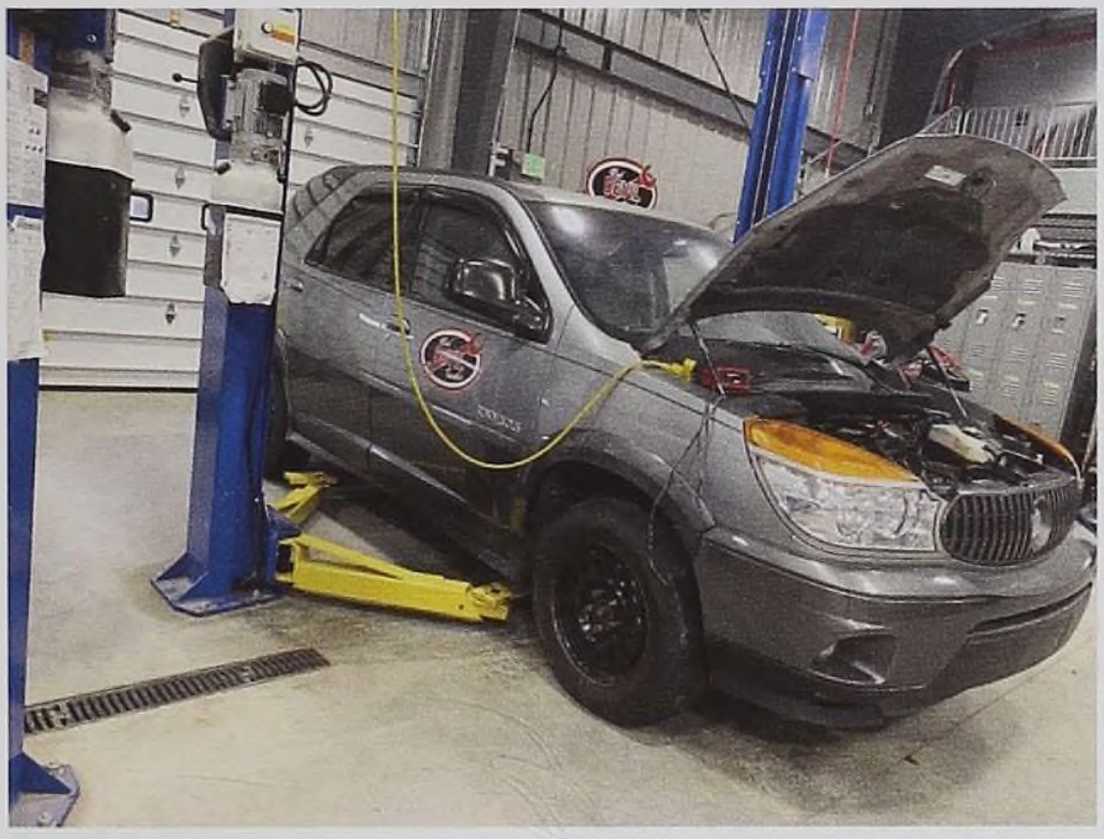
After a year of hard work we hope to see more out of the auto shop class and to get more people into it within the next few years!

We can be proud of the autoshop class for working through the year the year achieving their certifications and it was a reward well worth all the hard work they put in.

Most of the cars you see every day were operated on by a professional. The auto shop class is proud to be learning the in and outs of such complicated machinery.



Though the program is still going through some changes, Lowell Autoshop has never been MORE READY for the future! New equipment, new certification opportunities and even a chance for staff to get their cars serviced will soon be a reality! Several students in the program have already earned industry standard certificates such as ASE, SP2 & Snap-On, which will help them get jobs right away!

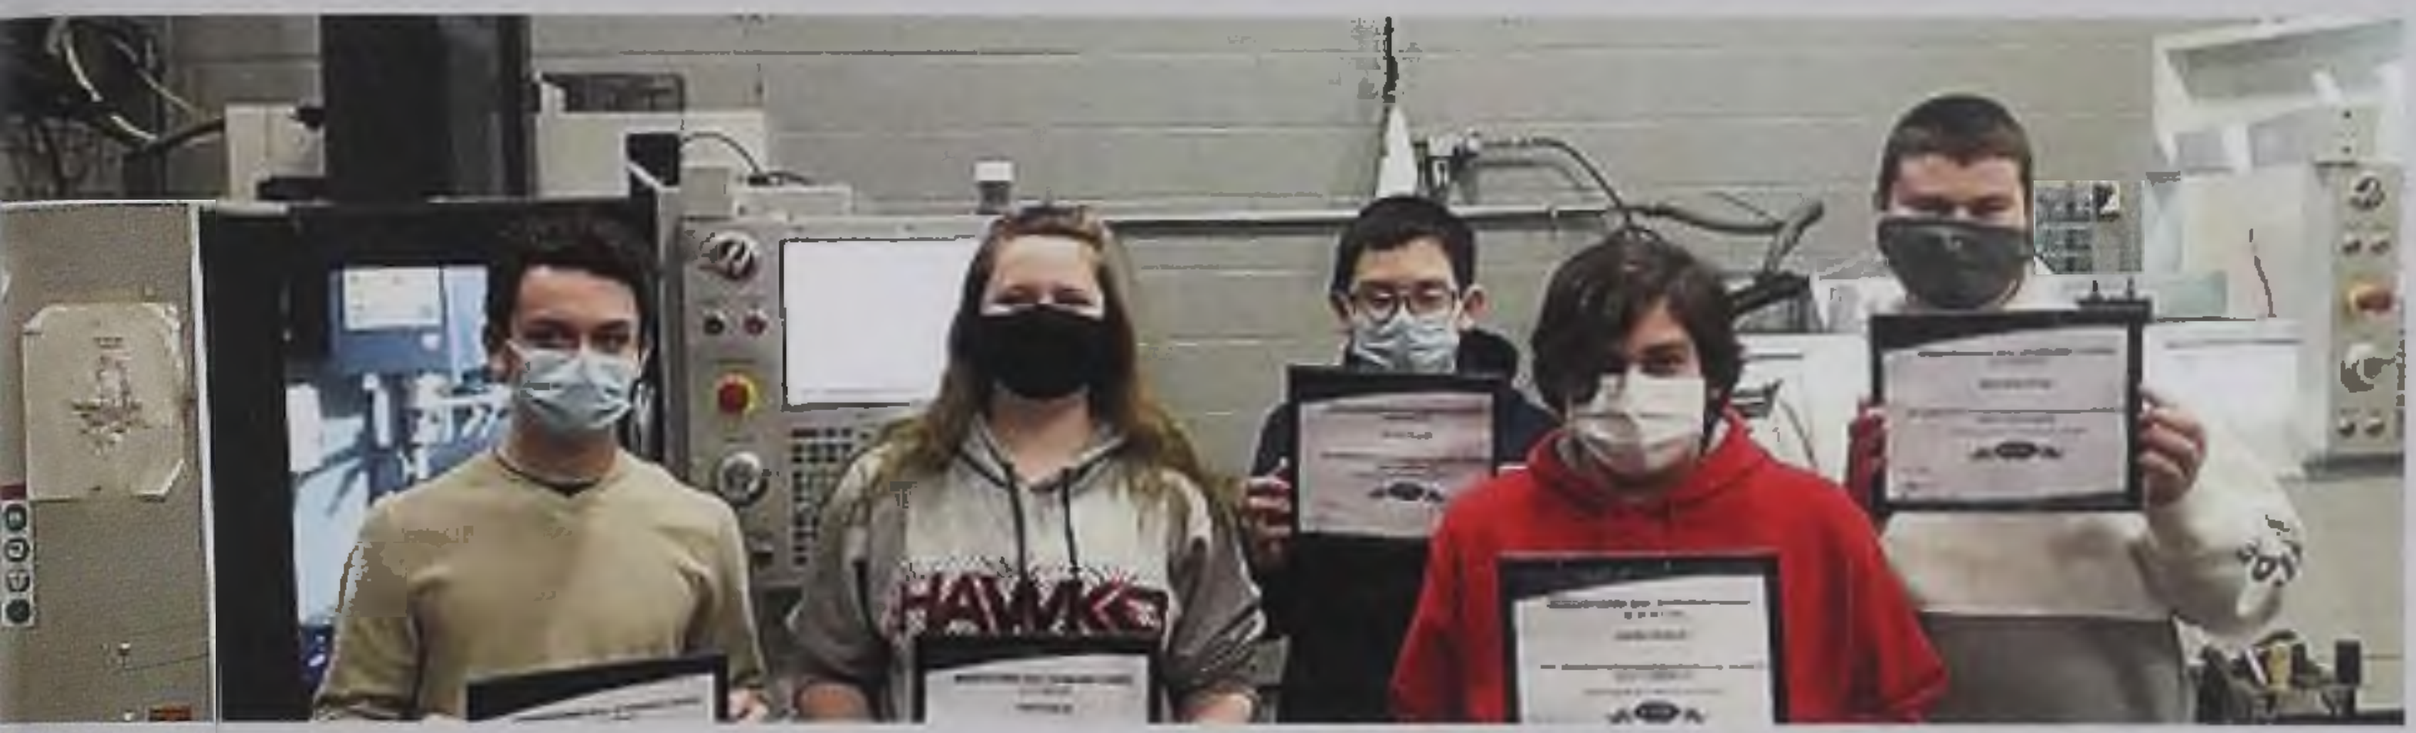


MANUFACTURING

Everything we use on a day to day basi was influenced or created by a mechanical professional. Manufacturing is in charge of forming these students into said professionals. Teaching them the i and outs of precise and skillful creation

THE TALENTED CREW

We look forward to the future of these bright learners!



Congratulations to everyone that worked so hard and had fun along the way!

PUTTING THE CULTURE IN HORTICULTURE

Mr. Garling

Horticulture Teacher

This class is not just an ordinary farming class, it's a class to make memories with your friends and classmates. You get hands-on experience in this class with learning how to grow different kinds of plants throughout the year. You also get to learn how to make flower arrangements and how to make boutonnieres and corsages. You learn the different types of parts of the plants and how they work too. These different skills you learn in this class will help you with whatever horticulture career you go into or will even help you build your own garden. Whatever it is that you desire with plants, horticulture is a great class for you!

THE CAMPAIGN

Near the end of the 2021 School year, an election was held between our schools most favorite duo, Charlie Wichmann and Mason Cripe. The outcome would decide one of the the most important roles in our schools history, (TBD, figure it out later). The campaign stretched on for the final weeks of school, with each candidate attending many public events and running their own campaign ads on the Friday show.

The campaign ran strong, with each candidate coming well dressed to school for the entire length of the run. On one of the final weeks however, a new candidate was announced, one no one could expect, TRISTAN BROBERG. Through many controversies of every candidate, the vote was finally given up to the people. With probably hundreds of in person votes conducted in many locations in the school, as well as over 1,000 online votes. The king of the title to be determined was decided. In a landslide win, even though he only joined in the very last week of the campaign, Tristan was the winner. Dismay could be seen in the other candidates for the rest of the year, but Tristan emerged victorious

Indiana High School Girls Wrestling Championship

This year's wrestling season was definitely one for the books. State Champion, Nadine Summers, marked history at Lowell High School as she was able to participate in and win the first ever Indiana High School Girls Wrestling championship. We can't wait to see what next year's season brings us, but this year will be hard to beat!

"Regionals, that gave me a huge boost of confidence. I told myself I was going to go and try my best to win state."

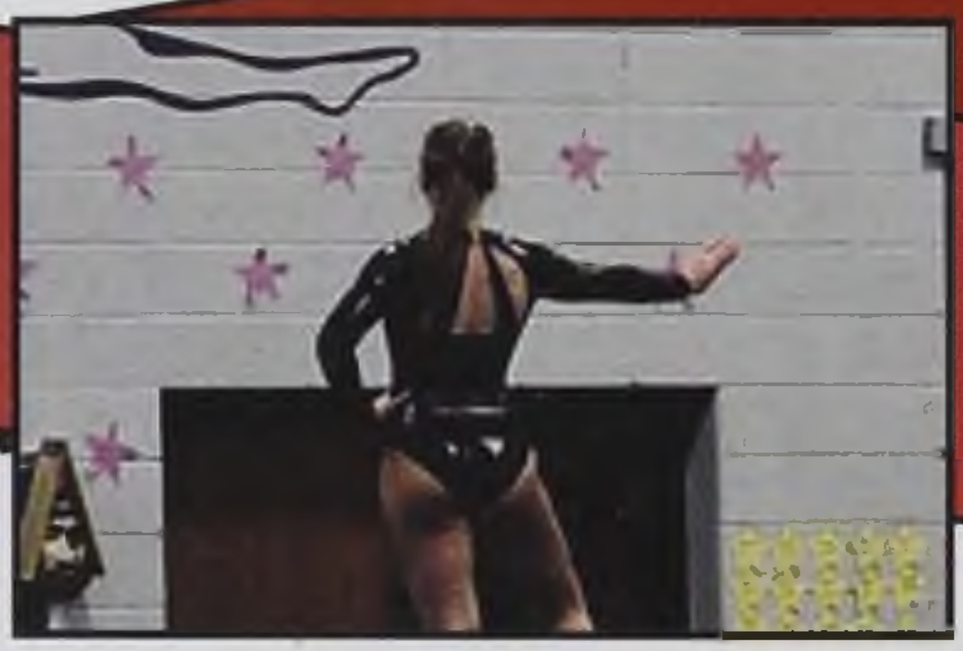
Gymnasticcs

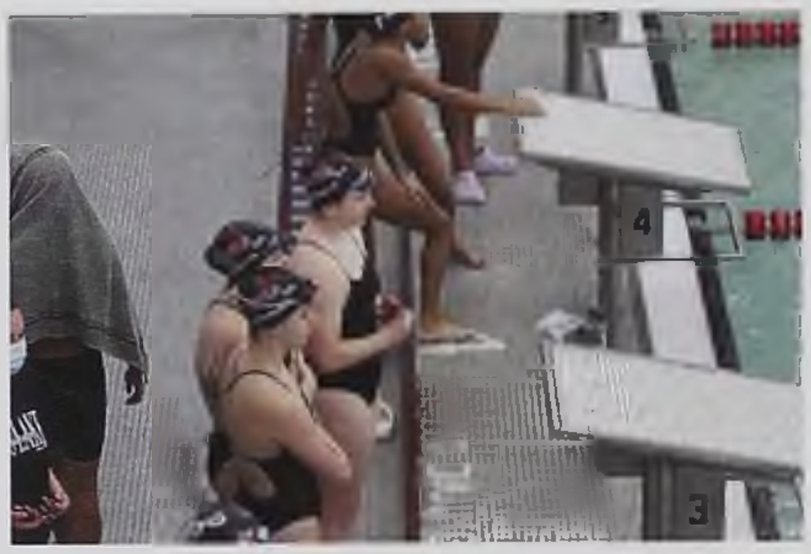
By: Emma Pflughoeft

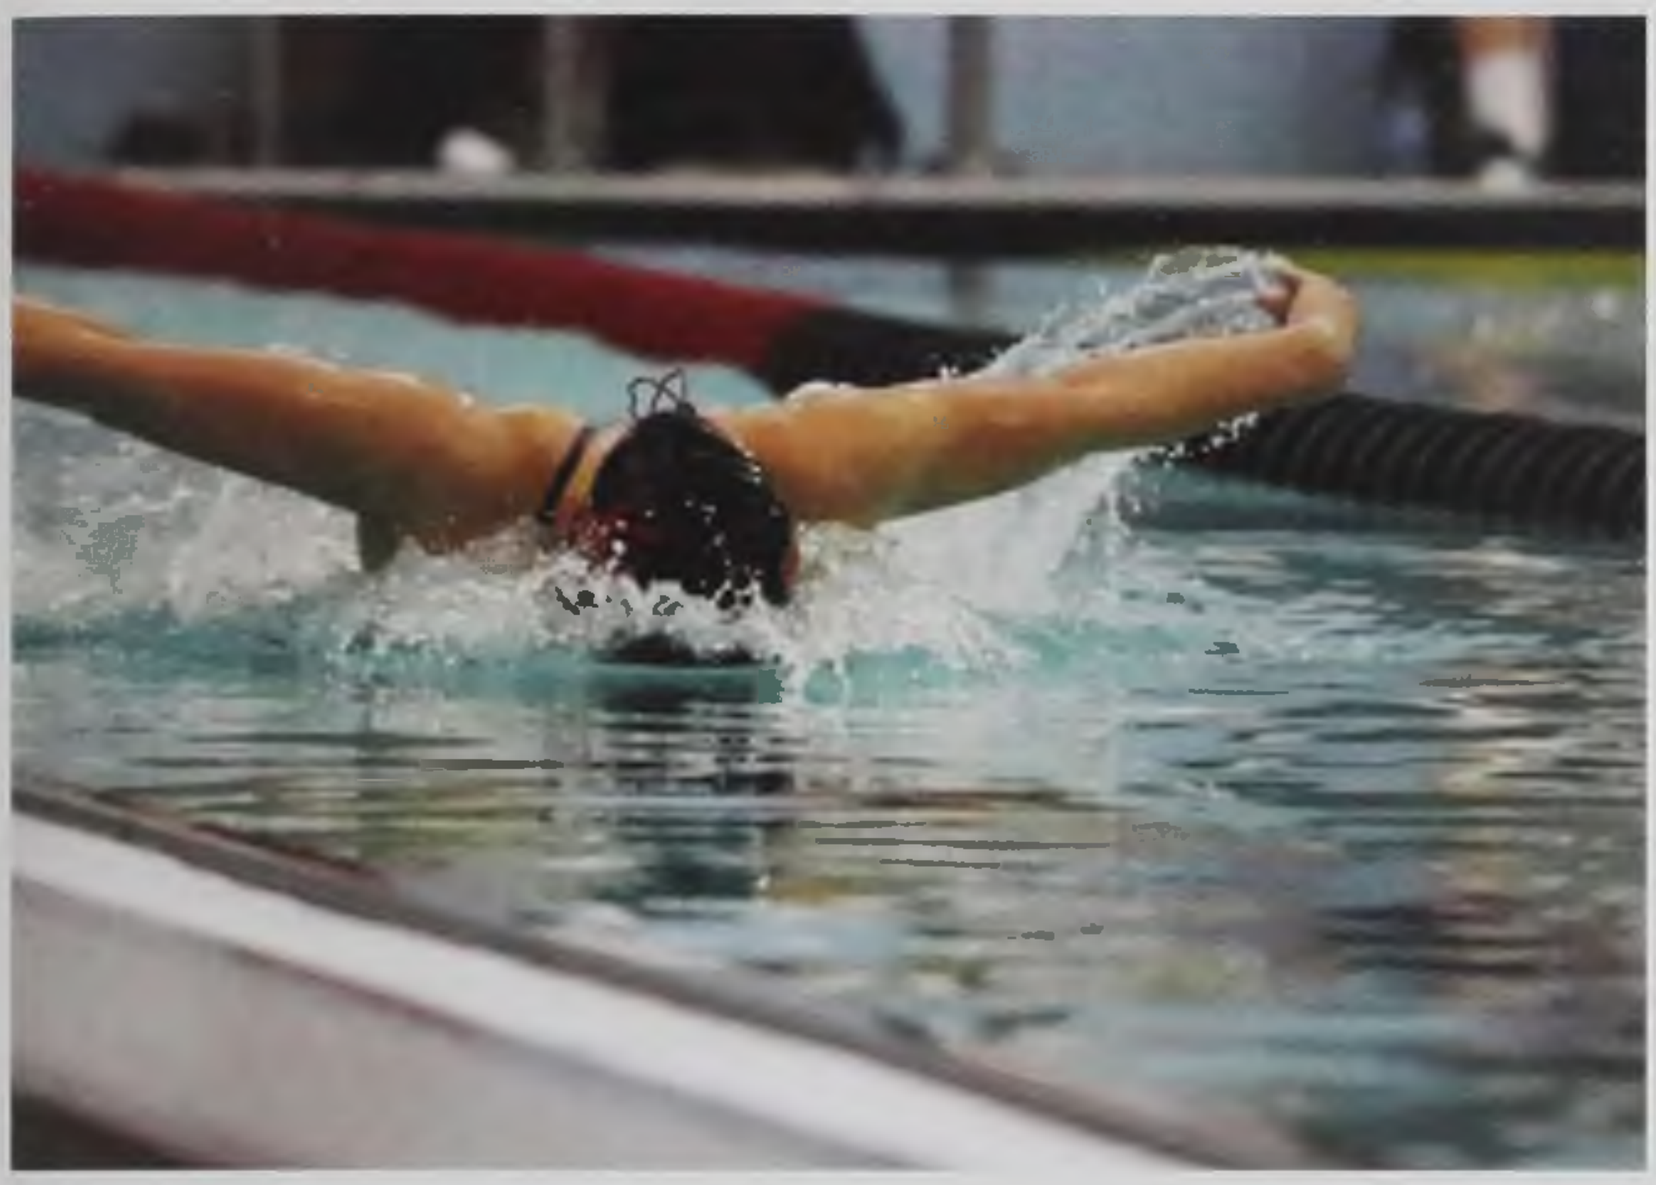
"Gymnastics season is always interesting and this year was no exception. From hand sanitizing, to foot sanitizing, we all struggled to stay safe amidst the pandemic. The team persevered and came together to withstand the shortened season, quarantines, and injuries to get the highest team score Lowell gymnastics has seen in multiple seasons! All of the flips, twists, and turns of this year, brought us closer together even though we had to stay far apart." - Maddie Wilkins (11)

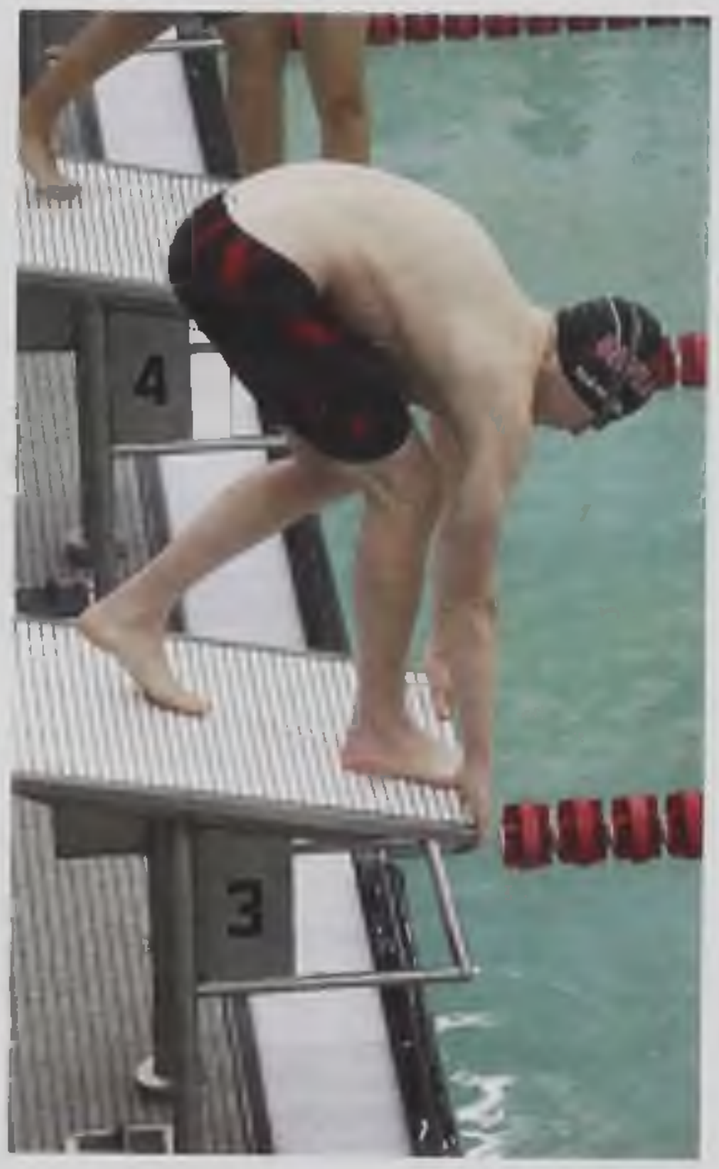


A Season of Splash

The girls swim team of Lowell High School showed passion and strength this swim season.







"If it's important to you, you will find a way. If not, you will find an excuse."

Min Durham

LOWELL HIGH SCHOOL SENIOR
CLASS OF 2021

Future Plans

Min plans to attend IUPUI in the fall to major in photography. She already runs a small business taking photos for various outlets like the Lowell Tribune.

Current Involvements

- Diversity Club
- Academic Superbowl
- National Honor Society

Min has been on academic super bowl for three years. She's a starter on the English team this year and has loved reading women's literature. She's the NHS Historian, and she sits on the main council for Diversity Club, which she co-founded.

Passion

Min has a passion for helping others, and she hopes to use her photography skills in that vein. She wants the world to be a more inclusive place and views her art as a way to make a difference in the world. Min also enjoys reading and painting.

WHAT DO YOU LOVE MOST ABOUT LHS?

"My favorite thing about Lowell High School is the way the teachers are devoted to their students and to their jobs. They have helped me succeed and have taught me things I will carry for the rest of my life."

Alex Longoria

We are so proud of you and the man you are becoming. Congratulations son. May your future be as bright as your Spirit. Stay positive and keep Love in your heart. We love you so much. Dad Mom and Aliyah

Jillian Richards

LOWELL HIGH SCHOOL SENIOR
CLASS OF 2021

Future Plans

Jillian is attending Purdue University West Lafayette beginning in the summer majoring in special education intense interventions P-12. She has always had a passion for helping people and wants her future career to reflect that.

Current Involvements

- National Honor Society
- Peer Mentoring
- Yearbook

WHAT DO YOU LOVE MOST ABOUT LHS?

"My favorite thing about Lowell High School is the staff that have been like family to me for the past 4 years. One person in particular was Mrs. Thomas who influenced me as a person and motivated me in everything I do."

Passion

Jillian was one of the first freshman in the Yearbook class and has been the editor for the last 3 years. She has also been heavily involved in the mentor program and has represented LHS at Hoby indiana. Jillian is passionate about life. She wants to impact everyone and anyone she can in her future. She defines success by her impact on others.

HERE I AM

Hi Lowell High,
If you don't know me, My name is Jillian Richards. I have been your yearbook editor/advisor for 4 years. Man that's a long time. It's kind of crazy to think that this will be my last time ever writing to you as a student and an editor. I do happen to know though, that this will be the last thing that you will see in your yearbook so I want to highlight something very important to me that I hope you will take away from this large paragraph. Throughout high school, I have tried my hardest to embrace change and leave my mark. I might be doing that here, but sometimes it's easy to forget that there is always a new environment to discover and new people to meet. Though I am grateful for the journey that Lowell High School has brought me and am proud of the person that this school has shaped me to be, I want you to know something that I wish someone had told me when I had a year or more left of high school. High School doesn't last forever, and eventually you reach a point where you realize that life always continues past what you have planned. This is a good thing to realize early because, as I sit here writing the last official editor's page of my high school career, I can't help but think about how I am going to embrace my future. So Lowell High, my last question for you is, How are you going to embrace your new and exciting future that awaits you in your last few years of high school or your first day of adulthood? It has been an honor getting to write for you for the last 4 years of yearbook class and I am so excited to see how you all change into the people you are going to become in your futures.
